Subject: RE: LCP Site -- COIs

Hi Sylvia,

Nice to meet you in person last week. Attached please find my edits to the Consent for Access to Property Agreement granting EPA access to and over Linde Road on the LPH Property in order to access the LCP Chemicals, Inc. Superfund Site and perform remedial design activities thereon. If acceptable to you and your client, please accept the changes and transmit to your client for signature. Can you please also (i) provide me with an individual point of contact from LPH to name on the COIs to be maintained by EPA's remedial design contractor, and (ii)

confirm that you would like LPH to be named as an additional insured for automobile insurance and comprehensive general liability insurance, but not to be named as an additional insured for workers' compensation insurance.
EPA's contractor was hoping to access the LCP Site next week—can we try to finalize this by then?
Thanks,
Krista

Sylvia,
To name Linden Property Holdings LLC (LPH) as an additional insured on the Certificates of Insurance maintained by EPA's remedial design contractor (CDM Smith) for remedial design work at the LCP Site, CDM Smith requires an individual point of contact from LPH. Can you please provide a name?
Your edits to the access agreement also state that LPH would like to be named an additional insured for automobile insurance and comprehensive general liability insurance, but not for workers' compensation insurance. Can you please confirm that this is correct?
Thank you,
Krista
